2014
AT
6:30 PM**

The Program Committee is planning for future guild programs. For at least one future program, the committee needs to find a guild member who has access to a projector which you can plug into a laptop and project images from the computer onto a screen. If you have access to such a projector which the guild could use at a meeting, please call Cindy Smorgans at 644.5880.
