

# JULY 2016

## Message from the President

Finally it is feeling like it might actually become summer and it does feel good. However, that is not good news for quilters who are torn between finishing up old projects or beginning new ones and getting outside to beautify our yards for the few months of the year that we have one. For me so far, I think quilting/sewing is winning and the raccoons are busily digging up anything that I put in pots out front. We have no yard to beautify.

As many of you saw at the last meeting, our raffle quilt is pieced, looking beautiful, and ready to hang at Antiques and Uniques in July. I do thank everyone who paper-pieced the blocks with their scraps and helped get them together at the two workshops. We will get it to Anne Harmon later in July for quilting so that we can hang it finished at other venues to sell tickets.

Gardens are beginning to come in, so I expect lots of fresh goodies at our potluck in July. I always look forward to them - lots of things I don't make because my husband won't eat them.

I am done with counting flowers on my way out the driveway (probably to everyone's relief) and am on to counting how many baby foxes I see cavorting in my daffodil field. They are so cute with their too large ears sticking up.

See you all soon -

Sally

I want to thank all of you wonderful ladies for thinking of me at this difficult time since my Mother passed. Thank you for all the cards, phone calls, emails and texts. Especially a big thank you for the money for a memorial tree. I have decided to get an oak. It will remind me of Mom not only because it is a strong tree but also because she loved anything with oak leaves and acorns. You would not believe all the fabric I have found in her stash with all kinds of leaves, acorns, and pine cones on it. Every fall since 1996 Mom and I would travel to Maine for a quilt retreat. On the return trip we would travel through a section of New Hampshire that had tons of oak seedlings on the sides of the roads and she would always say that she should have brought a shovel so she could dig up some to bring home. I explained to her that we have oak trees in Vermont and besides we wouldn't have room because we bought too much fabric! I have lots of projects of hers to finish which I will share with you all at many Sew and Tells to come.

I would also like to thank you from my Brothers and I for the donation to Out and About. This is such a great organization. It was a fun, safe place for my Dad and it was a very big help to Mom so she could get errands done or go home and get some rest or sewing done.

Thank you from the bottom of my heart,  
Andrea Blaisdell
