NOVEMBER 2022

The President's Block

Hello fellow quilters,

We have been blessed with a beautiful show put on by the trees, but today it is raining and the wind is supposed to blow hard. Will that be the end of the leaves? I hope not, but it happens every year. I was at McDonalds one day and a couple from Texas was there telling the group they were there just to see foliage. Wouldn't it be wonderful if we could put all that color in a quilt? Oh well, we are human and the tree maker isn't.

Has anyone attacked their UFO stack? I am still looking at mine and pondering where to start. I would probably be better off if I didn't go to the library.

Once again last month's program was most informative. I'm still in awe at the presenter's amount of cloth in her stash.

Happy quilting! We'll see you on November 3.

NOVEMBER MEETING "BACK TO BASICS": NEEDLES & THREADS & MORE...OH MY!

We'll be watching multiple videos at the November meeting to learn all there is to know about needles, threads, and sewing machine tension. There's lots of information packed into these videos for both new and more experienced quilters.

In addition to the regular monthly meetings in March through December, Andrea Blaisdell and Sharon Perry, the guild's program coordinators, plan to host Learn & Sew sessions in January and February where participants will work on an actual quilting project. If members know of anyone wishing to learn how to quilt or quilters wanting to improve their skills, we encourage you to bring them to the guild meeting in November and join guild members as we all go "back to basics."

As part of the program each month, we'll end with a Q&A and "best practices" segment. We hope to have the more experienced quilters in the guild share lessons they've learned and tips and tricks they discovered along their quilting journey.

QUILT TIPS

- Before washing new fabric, put a pinking blade in your rotary cutter and pink the cut edges of the fabric to control fraying. A pinked edge in your stash means the fabric has been washed.
- When you finish a quilt, cut all the remaining fabric into 1½ or 2-½-inch strips. At the end of the year, you'll have plenty of strips to make log cabin placemats, table runners or quilts for holiday gifts.
- Slivers of soap are great to mark quilting lines.
- Better to buy more fabric than you think you need for a quilt, rather than too little, as this allows room for mistakes, shrinkage or making a sample block, and for building your stash.
- Look around when designing patterns for your quilt, don't forget you can use everyday items to draw around. Plates, cups and saucers and even cookie cutters all make great templates.
- For invisible machine appliqué, use the blind-hem stitch on your machine set at 20 stitches per inch and an open-toe appliqué foot.
- It is recommended that you use between 20-25 stitches per inch when sewing paper foundation piecing blocks, as this makes it easier to remove the paper later.

Recipe Corner

UTTERLY DEADLY SOUTHERN PECAN PIE

1 cup sugar
 1½ cups corn syrup (use ½ dark and ½ light)
 4 eggs
 ¼ cup butter
 1½ teaspoons vanilla
 1½ cups pecans, coarsely broken
 1 unbaked deep dish pie shell

In saucepan boil sugar and corn syrup together for 2 to 3 minutes; set aside to cool slightly.

In large bowl beat eggs lightly and very slowly pour the syrup mixture into the eggs, stirring constantly.

Strain the mixture to make sure it's smooth and lump free. Stir in butter (it will melt when stirred into warm mixture), vanilla, and pecans, and pour into crust.

Bake in a 350°F oven for about 45 to 60 minutes or until set.

CANDIED PUMPKIN SPICED PECANS

1 large egg white
 ½ cup packed light brown sugar
 1 teaspoon vanilla extract
 1 teaspoon kosher salt
 ¾ teaspoon pumpkin pie spice
 6 cups (about 21 oz.) pecan halves

Preheat oven to 250°F.

Whisk egg white in a large bowl until foamy. Whisk in packed light brown sugar, vanilla extract, kosher salt, and pumpkin pie spice. Stir pecan halves into brown sugar mixture until thoroughly coated.

Place pecans in a single layer on a large rimmed baking sheet lined with parchment paper and lightly sprayed with cooking spray. Bake, stirring every 15 minutes, until pecans have browned and coating has set and started to harden, about 45 minutes.

Remove from oven; cool completely on baking sheet, about 30 minutes. Store in an airtight container up to 5 days.

CARAMEL-PECAN APPLE PIE

Dough for single-crust pie
 7 cups sliced peeled tart apples (about 6 medium)
 1 teaspoon lemon juice
 1 teaspoon vanilla extract
 ¾ cup chopped pecans
 ⅓ cup packed brown sugar
 3 tablespoons sugar

4 teaspoons ground cinnamon
 1 tablespoon cornstarch
 ¼ cup caramel topping, room temperature
 3 tablespoons butter, melted

Streusel topping:

¾ cup all-purpose flour
 ¼ cup sugar
 6 tablespoons cold butter, cubed
 ⅔ cup chopped pecans
 ¼ cup caramel topping, room temperature
 Whipped cream, optional

Preheat oven to 350°. On a lightly floured surface, roll dough to a ⅛-inch-thick circle; transfer to a 9-in. deep-dish pie plate. Trim crust to ½ inch beyond rim of plate; flute edge. Refrigerate while preparing filling.

In a large bowl, toss apples with lemon juice and vanilla. Mix pecans, sugars, cinnamon and cornstarch; add to apples and toss to combine.

Spread caramel topping onto bottom of crust. Fill with apple mixture. Drizzle with butter.

For streusel topping, mix flour and sugar. Cut in butter until crumbly; stir in pecans. Sprinkle over filling.

Bake on a lower oven rack until filling is bubbly, 65-75 minutes. Drizzle with caramel topping. Cool on a wire rack. If desired, serve with whipped cream and additional caramel topping.

PECAN CARAMEL CLUSTERS

14-oz. pkg individually wrapped caramels, unwrapped
 3 tablespoons butter
 2 tablespoons water
 2 cups chopped pecans
 1 pound dark chocolate, broken into small pieces

Place caramels, butter, and water in a microwave-safe bowl. Microwave on high, stirring every 30 seconds until smooth, about 3 minutes. Stir in pecans.

Drop caramel pecan mixture by spoonfuls onto parchment paper. Place in freezer for 15 to 20 minutes.

Place chocolate in a microwave-safe bowl and microwave on high, stirring every 15 seconds, until melted and smooth, 1 to 2 minutes. Dip each caramel cluster into chocolate using a fondue fork until coated; place on parchment paper to dry. Chill until firm, if necessary.

SUPPORTING THE LOCAL COMMUNITY

REDWORK TIPS

- Wash fabric prior to tracing or stitching.
- Trace your pattern using a Micron Pigma pen in the same color as your embroidery floss.
- Use two strands for most stitching. Use one strand for finer detail features.
- Don't "travel" with your thread across open space and be sure to trim all threads otherwise the thread will shadow through when the piece is completed.
- Coloring books and appliqué patterns are great sources for Redwork patterns.
- Use a hoop to secure your project while working. Do not leave your fabric on the hoop when not working on your project.
- If you find your floss tangling and knotting, try drawing your floss across a thread conditioner such as Thread Heaven.

MORE QUILT TIPS

- Before rolling or turning a quilt to quilt the next area, use a lint roller to remove any bits of thread and dust.
- When washing large fabric pieces, fold the fabric into 4ths or 3rds and baste along the right and left edges and down the middle. This makes it much easier to "untangle" after washing and drying. It also helps to reduce wrinkling.
- Pay attention to the grain line during any pressing stage of quilt projects and everything comes out square. Just remember to press with the straight grain of the fabric (the selvage edge runs on the

straight grain). Cross grain and bias both stretch, the straight grain won't.

- Make your binding when you finish sewing the quilt top together while you still have your sewing machine and fabric out. Wrap the binding around an empty toilet paper tube (so it doesn't crease). This insures you don't accidentally use your binding fabric for something else.
- When threading a needle for hand sewing, moisten the eye of the needle rather than the thread. The moisture in the eye will help draw the thread through.
- For ripping out stitches: if you take your seam ripper and cut every fourth stitch on the stitching line, when you pull the two pieces apart it goes really fast.
- Or, use a rotary cutter for taking seams apart instead of a seam ripper; it's much easier to find when needed.
- Use different widths of masking tape to guide you in an easy way to quilt parallel lines without marking the quilt top.

A NOVEMBER DAY

by Mary B. C. Slade

I come, a sad November day,
Gray clad from foot to head;
A few late leaves of yellow birch,
A few of maple red.

And, should you look, you might descry
Some wee ferns, hiding low,
Or late Fall dandelions shy,
Where cold winds cannot blow.

And then, you see, I'm not all gray;
A little golden light
Shines on a sad November day,
A promise for the night.

For though gray-clad, in soft gray mist,
Floating on gray-cloud wing,
I know that I the way prepare
For brightest days of Spring.

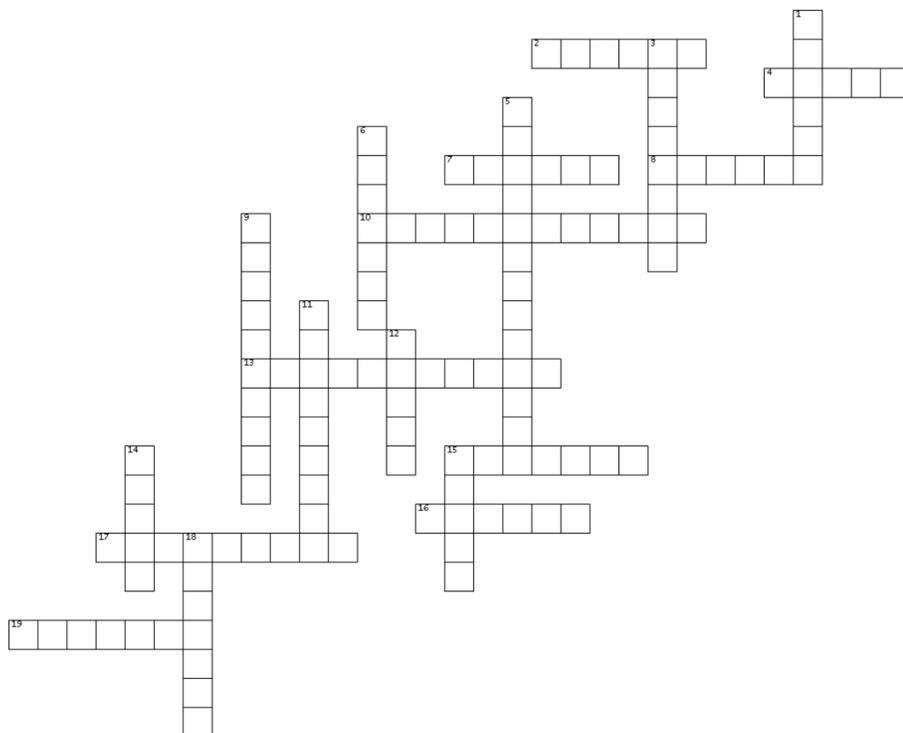

And though witch-hazel's golden flowers
Are all the blooms I know,
They promise—so do I—the hours
When sweetest Mayflowers grow.
